

BLIND CORD

One of NBI's key product lines are blind cords, also referred to as lift cords and pull cords. NBI manufactures blind cords made of high-quality polyester and nylon yarns resulting in pull cords of high tensile strength, low elongation factors, consistent roundness and low shrinkage.

ACCREDITATION

NBI products are manufactured in accordance with the ISO 9001:2015 quality management system.

The in-house laboratory, where continuous product testing during the manufacturing process is done, allows for consistent quality and specification adherence.

CONSTRUCTION

- NBI manufactures blind cords made of high-quality polyester and nylon yarns. The outer sheath is tightly braided around an inner core, thus producing a firm smooth Venetian or vertical blind cord for lifting or pulling purposes.
- Excellent quality blind cords can be supplied in a variety of different lengths to suit customer requirements.
- The NBI blind cord range is available in standard colours and can be custom made to specific colours and patterns.

KEY FEATURES & BENEFITS

- PRODUCT RANGE DIVERSITY
- VARIETY OF COLOURS
- PACKAGING PREFERENCES
- CUSTOM MADE DESIGN COLOURS
- CUSTOM MADE PRODUCT
- EXCELLENT QUALITY
- SUPERIOR STRENGTH
- DURABILITY
- STABILITY
- CONSISTENCY

INDUSTRY APPLICATIONS

- LIFT CORDS FOR SHADES
- LIFT CORDS FOR ALL BLINDS
- TRAVERSE CORD FOR VERTICAL BLINDS
- VENETIAN BLINDS
- ROLLER BLINDS
- ROMAN BLINDS
- CORDS FOR CLUTCH OPERATED & MOTORIZED LIFT SYSTEMS
- MISCELLANEOUS WINDOW COVERING USES
