

SHOCK CORD

NBI is a leading manufacturer of shock cords. The NBI shock cord range is perfect for everyday use, demanding applications and outdoor usage. Shock cord is constructed with a core consisting of continuous filaments of rubber and an outer braided layer of polyester. The outer sheath material is of excellent quality and affords the product high abrasion resistance. The braid pattern is tight and smooth providing enhanced gripping and secure knotting capabilities.

ACCREDITATION

NBI products are manufactured in accordance with the ISO 9001:2015 quality management system.

The in-house laboratory, where continuous product testing during the manufacturing process is done, allows for consistent quality and specification adherence.
